Important Information

- All content and pedagogy exams must be passed prior to applying for licensure.
- You must always code Purdue University **(1631)** as a score recipient when you register for all Praxis exams. Failure to do so will incur additional costs to have your official score(s) resent.
- If you test in Indiana at a testing center and your *Praxis* profile address is in Indiana, your score report will be sent automatically to the Indiana Department of Education (IDOE).
- If your *Praxis* profile address is not in Indiana, or you test outside of Indiana, or use the *Praxis* test “At Home” option, your scores are NOT automatically sent to the IDOE. To have your scores sent to the IDOE, you must select the Indiana Department of Education (state code 7238) as a score recipient when you register.
- For all methods of *Praxis* testing, to request additional score reports you must select Purdue University **(1631)** and/or the IDOE (state code 7238) with each additional score report request if you want either Purdue and/or the IDOE to receive it. There is an additional cost to have your official score(s) resent.
