

Required ETS Praxis Indiana Licensure Tests

Graduate Level

2023-2024

(Highlighted Tests are Available and Valid for Indiana Licensure on September 1, 2023)

All tests are subject to change by the Indiana Department of Education.

Recent program changes may result in variations of required content and/or pedagogy exam(s). Please verify based on catalog admission year which exams are required for your specific program area.

Information on Indiana and Praxis requirements, including registration and preparation materials can be found at <https://www.ets.org/praxis/in>. A calendar to see when certain tests are being offered and where can be found at [Schedule Your Praxis Test \(ets.org\)](#).

Content Test Attempt Deadlines for Student Teaching (Initial Licensure Programs Only):

Content exam scores must be received by OTEL by **December 1** for Spring student teaching, and by **July 1** for Fall student teaching. Please plan your testing date accordingly. To determine when your score will be released, based on testing date, go to the Praxis website at [Getting Your Praxis Scores \(For Test Takers\) \(ets.org\)](#).

You must list **Purdue University (1631)** as the score recipient institution.

PLEASE NOTE: The release of your exam score to our office can take one to six weeks from your testing date. Exams which include a constructed response take longer for the score to be released. Exams which include a constructed response are indicated with double asterisks.

Important Information

- You must always code Purdue University **(1631)** as a score recipient when you register for all Praxis exams. Failure to do so will incur additional costs to have your official score(s) resent.
- If you test in Indiana at a testing center and your *Praxis* profile address is in Indiana, your score report will be sent automatically to the Indiana Department of Education (IDOE).
- If your *Praxis* profile address is not in Indiana, or you test outside of Indiana, or use the *Praxis* test "At Home" option, your scores are NOT automatically sent to the IDOE. To have your scores sent to the IDOE, you must select the Indiana Department of Education (**state code 7238**) as a score recipient when you register.
- For all methods of *Praxis* testing, to request additional score reports you must select Purdue University **(1631)** and/or the IDOE (**state code 7238**) with each additional score report request if you want either Purdue and/or the IDOE to receive it. There is an additional cost to have your official score(s) resent.
